

Uploading Data Using Car Profile Update Template RAILTRAC[®] Revision Number 1 3/8/2017

Before performing this step operation, ensure a Car Profile Update template has been created in RAILTRAC. All columns in the Excel spreadsheet must match up with the template.

Once logged into RAILTRAC, click on the Car Management tab. Next, select Import With Update Template.

= -	Main	Config	Reference	Car Management	Reports	RAILDa	sh					
Căr Profile	🔊 Redef	inable Field inable Field	ds 🛃 1 d Values 🚺	mport With Add Temp mport With Update Te	olate emplate	Fleet	LP Parties	Categories	6	S Allowance	E Create Outage Detail	Ħ
			Car Profile			Car Assign	Lease	Operational	Hot List	Mileage	Outage Tables	FASTRAC

The Template Get Data box will appear. In this screen, use the drop down arrow under the Template Name to select the template to be used to upload data.

Template Get Data				
Template Name			System Wide	Update Car Assign
